## OUR MISSION

Children's Music Studio (CMS) began in 1997 as a pilot program of Community Music Project, with 3 classes involving 25 young children and their caregivers. The fundamental goals of CMS have remained the same: develop musicality and music literacy in children as early as possible, nurture and develop a child's innate love of music, and allow opportunities for families to share musical activities together.

In accordance with Musikgarten, we believe:

- ♪ All children are musical.
- ♪ Music meets the needs of children.
- ♪ Music benefits the whole child, must be introduced early and must involve the family.
- ♪ Providing an appropriate musical experience and following a carefully sequenced approach to music reading allows a child to participate fully in musical experiences of all kinds.

Enrollment space is limited; early enrollment is recommended. If you have any questions, call Community Music Project 716-664-2227 or email [cms@communitymusicproject.com](mailto:cms@communitymusicproject.com).

Music Literacy classes for children newborn to 5 years old and bonding opportunities for children & parents/caregivers.
